

THE ANATOMY OF BREASTFEEDING

What's going on
with baby?

Saturday, May 4th
*9am-2pm

@ Herself Moms
3385 Lanatt Street
Sacramento, CA

Are you a parent, IBCLC, chiropractor or birth professional who supports breastfeeding and just doesn't know how to help that baby who is struggling? In this class, you will learn straight-forward cranial and spinal/neural anatomy to explain these issues and to help you make better referrals and advocate for your clients. The DC or body worker will learn easy techniques to address them.

... PRESENTERS ...

Dr. Lynn Gerner, D.C., FICPA - Dr. Gerner is a Maternity and Pediatric chiropractor in private practice for over 15 years and currently is founding partner at The Good Life in Davis, CA.
